Unique Vanity

A bathroom vanity doesn't need a shelf or cupboard.

This one is based on a vintage bicycle and shows how creative you can be with home decor elements that are very unexpected.

Because this sink and small countertop are attached to the wall, the item underneath doesn't have to bear the weight of the fixture.

Leaning Wall Art

This is one of the best and easiest home decor ideas around. Instead of hanging a piece of art, or a set of canvases, try leaning them against the wall.

This can be done on the floor, on a mantel or one piece of furniture. It's also a breeze to try out. Simply lean the art where you want it and leave it there for a week or two to see if you like it. If you change your mind, you can always hang it on the wall.

A quick idea for changing up your home decor is to get new chairs for your dining set.

Keep in mind that it's more interesting to have chairs that coordinate instead of match exactly.

Swapping chairs changes the whole look of a dining space.

Clear Lines

It doesn't take much to fill a small space with heavy pieces.

Maybe your overstuffed armchairs are paired with a floor lamp that has a heavy base and a solid, hefty side table.

Too many pieces can make a space feel stiff and crowded.
